All-Breedience Team Competition .

Introduction

The aim of All-Breedience is to give those who have cross/mixed breed dogs, or are not able to get enough of their breed together to make a team, the opportunity to experience the popular team event of Obreedience. All-Breedience is a fun team event which includes some of the exercises generally associated with Obedience, the Good Citizen Dog Training Scheme, Rally, UKDS & trick training, and aims to highlight the abilities of different dogs in a relaxed and fun competition. Each team comprises of four handlers and four dogs who take part in two rounds of competition. The first round requires all four dogs to complete a round of heelwork together as a group, with the dogs and handlers being assessed on their ability to complete different moves whilst remaining synchronised as a team. The Judge will select from the 3 options available. This first round is marked out of ten points.

Round two features 3 sets of four different individual exercises. The Judge will choose from set X Y or Z and each team member has to complete one of the four exercises from the selected set. Detailed descriptions of each exercise from each set can be found in the 'Guidelines'. Round two is marked out of 40 points (10 points per set exercise).

Once all teams have completed the two rounds, the scores are compiled and the team with the highest score will be placed first.

Heats

Rosettes and place cards should be awarded to the first four teams, unless the event organisers choose to award rosettes to a greater number of teams.

Dogs entered do not need to be registered with the Kennel Club, unless the heat is scheduled as a 'special class' at a Kennel Club licensed event, then dogs must be registered with the Kennel Club. (Breed or Activity register)

All breeds, mixes & crosses are very welcome.

The team name should remain the same for any any points gained to count towards the team total.

Substitution of dogs or handlers cannot be made after the closing date for that heat unless exceptional circumstances apply & then only at the discretion of the organiser.

A dog may only compete in one team - a handler with a different dog may compete in more than one team. Dogs welfare is paramount - please consider this when entering.

Eligibility

Each team will consist of 4 dogs with no more than 2 of the same breed (either 4 different breeds, 4 crossbreeds or a mix of cross breeds/specific breeds) with 4 separate handlers, plus up to 2 reserves.

Competition Rules

The competition will include two rounds per team. The first round will be team heelwork, with the team either working side by side or one behind the other, as directed by the ring steward. The judge will be looking for consistency, synchronicity & teamwork, rather than competitive Obedience heelwork. The second round will involve each dog from the team completing an individual exercise from the group selected by the Judge. Should there be an equality of marks within the top 4 teams after both sections, a run off will be held with both teams completing the heelwork pattern. If there is an equality of marks outside the top 4 teams, then both teams will be awarded the same, higher, points.

There will be a 'Grand Final' each year. Teams will be invited to the 'Grand Fianl' using a combination of the following systems:

Points will be awarded to the teams as follows: 1st place = 10 points. 2nd place = 9 points etc down to 10th place = 1 point. Also, each teams final score will be recorded and an average of the teams best 3 scores will be recorded at the end of the season and compared with the 'points from places' scoring system.
