

Boot Buddy Bumper Guard

Nearly new if you look past the dirt (from storage!)

Very usable condition. Pre-upgrade version. The de-luxe bumper guard connects with the Versaliner or even your boot liner, by means of double sided tape. Folds up onto boot floor.

This item was purchased for a Dacia Duster. Check your 'boot' or boot door opening to see if it will fit!

Approx: Width: 810 mm - Length/Depth: 925 mm - folds up to approx 200mm

The cost new was £29 but we are selling this as it has been surplus to requirements for the last four years (dogs didn't like it in Duster - boot lip was too high for them!) £10.00

Collection only from: Blackpool (by arrangement) or from one of the following Rally venues:
